TRACTOR AUTOMOBILE SPARES

VOLVO®

TRACTOR AUTOMOBILE SPARES
A WORLD OF QUALITY PARTS

T.A.S. is specialised in the manufacture and sale of **replacement spare parts**, such as bull gears, crown wheel and pinion sets (with straight or helical teeth), synchroniser assemblies with molybdenum or carbon coating, shafts, main drive gears and other components, suitable for **transmissions and differentials of light-duty vehicles, trucks, buses, agricultural tractors and earthmoving machinery.**

These items are heat-treated where required and may be subjected to special processes, such as Shot-Peening, Sulf BT and corrosion proofing.

T.A.S. products are **totally interchangeable** with the genuine parts, as they are made to the same high quality standards, utilising modern technology and thanks to the continual specialisation of its staff. The **'MADE IN ITALY'** nature of the parts has been maintained with notable efforts.

Thanks to its sales network, T.A.S. products are **distributed and appreciated throughout the five continents** and the customers enjoy continuous support, both from **local agents** and from **mother-tongue commercial staff** at the company headquarters.

Strong Corporate identity
conveyed in a professionally
developed communication system.

MADE IN ITALY

Tri-Wall
corrugated
cardboard
box

Opening a TAS pack, you'll be astonished
by its **explosive** content.

Hardwood pallet compliant
with IPPC ISPM 15

Our packaging is designed to ensure the **originality** and **integrity** of the product.

Use your mobile phone to read the QR code that you find on the label.

You'll be directed to additional information on the TAS website.

Tubular protective polyethylene nets

VCI Paper Sheets to prevent the onset of corrosion
